The Starfield LION™ coat that's doing more...with less.

S-Series™ Coat

With a shorter front hem and an ergonomically-contoured back hem, the S-Series coat offers additional mobility and comfort, while also retaining Flame Fighter's popular high-performance features.

S-SERIES COAT BENEFITS & FEATURES:

- **Shortened Front Hem** for reduced coat bunching and greater mobility when in a climbing, crawling or crouching firefighting position
- **Contoured Back Hem** for optimum back protection with enhanced mobility
- **Bellow Underarm Construction** for a full range of arm motion when extending and lifting your arms
- **Drag Rescue Device** (DRD) is a built-in rescue strap that's easy to access, but out of the way when not needed
- **Four Ergonomic Pocket Options** designed specifically to work in conjunction with the shorter coat front
- **LION Ventilated Trim**™ that allows moisture vapor to escape, avoiding potential compression burns

NFPA 1971 1971 CERTIFICATION

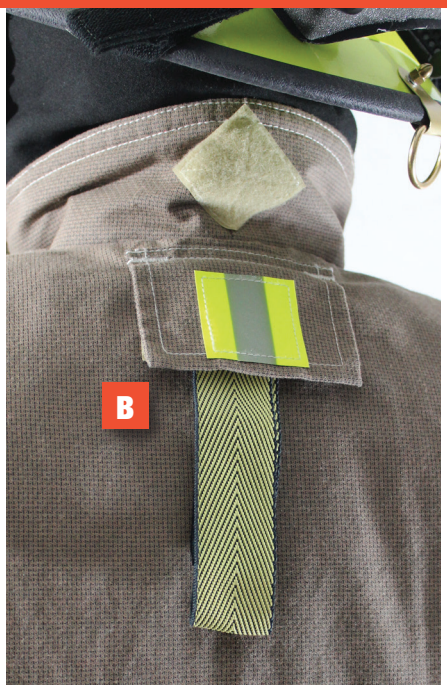

Starfield™
